## Notable features:

The back building of Engine House No. 8 is a warehouse facing on Sarah Ann Street; it may have been the stable. These modest houses are fragmented by the open land and demolition. The condition of all seems poor but rehabilitation is indicated.

## Environmental context:

Lots at 1006, 1008 have been cleared, plus the 110' of back lots of Mulberry properties constitute a large gap between number 1010 and the back building of the Engine House. Number 1063 is vacant. Sarah Ann is a small, quiet street worthy of efforts to utilize its charm in a new plan. The re-use of lot number 7 is a key.
